

The Courtyard at Youville Place
A Memory Support Community

PHILOSOPHY

It is the philosophy of The Courtyard at Youville Place to offer residents with Alzheimer's disease and other forms of dementia a homelike environment, where they feel safe and cared for by a competent, compassionate staff. Residents are encouraged to achieve maximum independence, and participate in meaningful activities. The space is secure, allowing non-restrictive access to indoor activities and outdoor gardens. The Courtyard offers a calm, soothing and welcoming environment for residents and families.

MISSION STATEMENT

The Courtyard at Youville Place is a community of hope, dignity and purposeful living. We serve our residents and their families with the values of respect, love and compassion. We are partners on their journey, honoring each resident as an individual with their own unique identity.
